Sorry for the late notification, the field equipment became available for the proposed site remediation. Tetra Tech will be onsite tomorrow (9-9-14) to start the proposed remediation on the above referenced site. We will be spotting lines at the facility and will start the excavation in the afternoon. The remediation will be performed according to the submitted work plan (attached). Tetra Tech will also notify you during each phase of the remediation project or any schedule changes or delays on the project. Let me know if you need additional information, thanks
