Kimberly,

Your proposal for remediation of the above referenced release is approved with the understanding that additional excavation and/or delineation may be required in some areas based on analytical data from confirmation samples. It is noted that BLM approval of this proposal has been obtained.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
