Subject: RE: Corrective Action Plan for the Burnett Oil Co. Powers 31 Federal #3
Date: Tuesday, June 24, 2014 8:48:00 AM

Lara,

Your CAP for Burnett Oil Co. Powers 31 Fed #3 (2RP-2331) is approved as written. Please advise in the event the proposed excavation depths are not achieved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson
Environmental Specialist
NMOCD District II
