RE: Oxy * Goodnight 27 Fed #3H * 30-015-39220 * 2RP-2665

Ms. Wilson,

The proposed excavation depths for the above listed release are approved as written for the areas of S-1 and S-3. In the area of S-2 the OCD will require further chloride delineation, both vertically and horizontally, before excavation depths can be approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson
Environmental Specialist
NMOCD District II
Office (575)748-1283 ext.101
Cell (575)703-0228
