Subject: RE: (Work Plan) Canvasback 13 Federal #2H (30-015-40538)

Lupe,

Your work plan is approved with the exception that the OCD will require a minimum 2.5' excavation. Like approval by BLM is required for federal sites.

OCD approval does not relieve the operator of liability should their operations fail to adequately

investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson
Environmental Specialist
NMOCD District II
