Mike and James,

Tetra Tech will be onsite on Monday (10-20-14) to start the proposed remediation on the above referenced site. We will be spotting lines at the site and will start the excavation on Tuesday. The remediation will be performed according to the submitted work plan (attached). Tetra Tech will also notify you during each phase of the remediation project or any schedule changes or delays on the project. Let me know if you need additional information, thanks

Mike and James,

Please find the enclosed Work Plan for the above reference spill site located in Eddy County, New Mexico. The spill has been assessed and the remedial recommendations are included in the work plan. I will mail you a hard copy of the work plan for your files. Once approved, Tetra Tech will schedule the soil remediation and notify you prior to implementing the work plan. Please let me know if you need additional information or call me if you have any questions, thanks
