Cliff,

Your proposal for remediation of the above referenced release is approved. Federal sites will require like approval from BLM. Please notify the District 2 office once remedial operations have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me or Heather Patterson.

Mike,

Please find attached the remediation plan that we discussed this afternoon. Please review and let me know if this meets with your approval. The first page is the site diagram and I have marked the areas of excavation and back dragging. The data summary table, lab data, and initial C-141 follow the diagram.

Give me a call and let me know if you have any questions.

Thanks, Cliff
