Lupe,

Your proposed work plan is approved with the following exceptions:

- Please reevaluate your site ranking, see attachments;
- Obtain a bottom hole confirmation sample at S1 including both chlorides and hydrocarbons.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
