If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*
The oil tank at the battery leaked and a Letter of Violation was written on 11/04/09. No action has been taken.

Describe Area Affected and Cleanup Action Taken.*
The oil tank leaked inside the firewall of the tank battery. Visibly impacted soil will be excavated and disposed at an NMOCD approved disposal facility. Soil samples will be collected and analyzed for TPH, BTEX and chlorides in order to determine the extent of excavation.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
