RE: Linn Energy * Turner B 60 aka Turner B South Tank Battery * K-29-17s-31e * 30-015-05447
Tracking number: **2RP-1335** * Date of release: 10/15/2012

Mr. Gonzales,

The report submitted to OCD by SKA Consulting, on behalf of Linn Energy, requesting closure for the above referenced release, is approved. Closure documentation will be imaged to the appropriate administrative order and well files, and should be available for review on OCD Online within the next few days.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.

Thank you,

Mike Bratcher
