RE: Yates * Aparejo APA Battery * 30-015-28327 * 2RP-3035 & 2RP-3184

Amber,

Your work plan for the above listed site is approved as written. Please advise if proposed excavation depths are not met.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
