Shelly: I just got into the office. Let me get some things off of my plate and I will respond. Also, I need to visit with you on where we would locate the bioremediation cell on the site. Please give me a call when you have a chance.

Note to All: Once we have some of the logistics worked out I will send an amended CAP out covering what was discussed.

I apologize for missing yesterday's conference call. I got a touch of food poisoning while in Albuquerque this weekend.

I spoke with Fred on my drive back yesterday. Would one of you mind dropping me an email on what was agreed upon, so I can have it for my files?

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,
