RE: Memorial * Loco Hills A Fed #6 * 30-015-20611 * 2RP-3355

Tim,

Your work plan for the above listed site is approved with the one exception. The OCD would like to see the top 2 feet of impacted soils excavated and hauled off before soil treatment begins. Like approval by BLM is required for this site.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson
