RE: Yates Petroleum * Tackitt AOT #2 * 30-015-28003 * 2RP-3406

Chase,

Your work plan for the above listed site is approved. Please ensure bioremediation lifts do not exceed 12 inches.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
