RE: Devon Energy * Ore Ida 14 Fed #1 * 30-015-28956 * 2RP-3515

Rebecca,

Your work plan for the above listed release is approved with the following conditions:

The OCD requires sampling from the road, depending on the levels of contamination and traffic in the area, you might need to conduct a surface scrape in this area.

Like approval by BLM is required on federal sites.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

 Hi Heather,
I have attached a work plan for the Devon Ore Ida location. Could you please review at your earliest convenience, and advise me of your concurrence?
Thank You

Rebecca Pons
