Subject: Re: OXY - Hackberry 6 Fed Com #4H - Remediation Plan
Date: Wednesday, September 30, 2015 8:47:26 AM

Morning,

I was reviewing your proposal and had a couple questions...

1. Why are we only removing 1' on SP1, SP5 and SP6 - when we can remove 2+' at SP1, and 2' on SP5 and SP6 to reach clean levels?
2. Why are we only doing a surface scrape at SP4 and we can "clean-up" at 6+"?

Sincerely,

Shelly J Tucker

Mike,

This e-mail is to confirm our discussion concerning the remediation plan for the Oxy Hackberry 6 Fed Com #4H. I have attached the information packet that we used in our discussion with a cover page describing the remediation plan that we agreed upon.

Shelly,

I am requesting BLM approval for the attached remediation plan for this site. Mike Bratcher

has agreed to this plan already.

If both of you would please reply back via e-mail with your concurrence on this plan, it would be greatly appreciated.

Thanks, Cliff
