Cliff,

Your proposal for remediation of the above referenced release is approved. Please reference the listed **2RP** number for future correspondence. Federal sites require like approval from BLM.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Subject: OXY-Government AB Federal #13-Remediation Plan

Mike, I am resending this one as well. I had the wrong name on the title page in the packet. My apologies again...

Mike,

This e-mail is to confirm our discussion concerning the remediation plan for the Oxy Government AB Federal #13 release. I have attached the information packet that we used in our discussion with a cover page describing the remediation plan that we agreed upon.

If you would please reply back via e-mail with your concurrence on this plan, it would be greatly appreciated.

Thanks, Cliff
