Johnny,

You are approved to proceed at these 4 locations. If you get the MSDS from Aspen Grow, please send those, we haven't received it yet.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Heather Patterson  
Environmental Specialist  
NMOCD District II  
Office (575)748-1283 ext.101  
Cell (575)703-0228

Mike, Heather, & Shelly

As per our conversation on 3/31/16, we have enlisted the help of Aspen Grow to aid us in the remediation of:

Gissler B 31

Gissler B 13

Gissler A 9

Stevens A TB

Aspen Grow will apply the Detox product a minimum of 4 applications, at that time we will run field samples to see if the levels are below Regulatory standards. Once we have some data, we will confer with you to determine the next course of action. Once the levels are below Regulatory standards, we will then delineate the remediated areas. If there are any questions or concerns, please feel free to contact us. Thank you.
