Amber,

The BLM good with utilizing bio-remediation where possible, and we are okay with the utilization in this case, with the condition OCD is okay with it. The other condition is that if surface does not recover to a condition as the surrounding, additional work may be required. If any questions, please get back with me. thanks

Heather/Mike/Jim,

Please find attached a work plan for the release that occurred at the Juniper BIP Federal #5 on January 1, 2016 (2RP-3501).

Should you have any questions or comments, please let me know.

Thank you,
