**RE: Devon Energy \* Cotton Draw 11 Fed #2H (163)\* 30-015-39375 \* 2RP-3021**

Rebecca,

Your request for closure of above listed release is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Hi Heather,

This one has been at large for quite some time. I emailed this to Brett Fulks months ago and to date have not received his response. I just received permission from Bob to go ahead with submittal. This is the spill that Bosque was involved in and the insurance company is requiring the NMOCD "closure" for payment of the remediation activities at this site on Bosque's behalf. Can you expedite this for me and email me the final stamped C-141 for our records? I appreciate all of your help!

*Thank You*

*Rebecca Pons*
