**Subject:** RE: Crossman State 25 State 1 - Revised work plan  
**Attachments:** Crossman 25 State #1 (Revised work plan, 4-25-16).pdf

Dear Mike and Heather:

We have reviewed the attached work plan and have spoken with Mr. Ellis and Mr. Grubbs. With the following minor clarifications, the State Land Office approves of the work plan.

1. All of the old pad material lying outside of the new berm structure, on the Red Bluff Draw side of the pad, will be scraped down to native soil and properly disposed of.
2. Wall confirmation samples will be taken in the excavation areas, T2, T3 and T5, to confirm removal of contaminants to clean levels.

With these additions to the plan, the NMSLO approves and will defer to OCD for the final go ahead to start work. Please notify us when you have a schedule so that we can be there to inspect your work. Again, we are very grateful for your diligence in this matter. Please let us know if you have any questions at all.

Will Barnes

**Subject:** Crossman State 25 State 1 - Revised work plan

Hello Mike,

Attached is the revised work plan for the Crossman 25 State #1. Revisions were made as per Mr. Bradford Billings e-mail dated April 1, 2016. On this e-mail, Mr. Bradford Billings stated that he had conversations with Mr. Will Barnes with the SLO regarding these revisions. If you have any questions, please contact Robert Grubbs at (432) 661-6601 or myself.
