Amber there was no releases on the pad. That is caused by the truck driver's not cleaning up the sumps and the tires splashing the water. Pyote has it posted to clean your sumps up after you unload and we highly stress it to all companies. Never a release on the pads. May 2 it was in the containment, but Jerry did acknowledge there was stains on load line 1 and 2. The pictures you took, we would like to review them please.

Thank you

Also Audra,

Were there ever C-141's submitted for the other releases on this pad?

Thank you,

Audra,

Thank you. Would you please update this C-141 to reflect the correct landowner? You have it listed as Pyote for the surface as well as the minerals. The surface and minerals are both state trust land property.

Thank you,
