RE: Matador Production * Parker Deep 5 Fed 3 * **2RP-3660** * DOR: 4/24/2016

Catherine,

Your closure request for the above listed incident has been approved. Federal sites will require like approval from BLM.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, please contact me.

Thank you,

Mike Bratcher
