Cliff,

Your revised proposal for remediation of the above referenced release is approved. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

**Subject:** FW: COG State 11 Com #1 - Remediation Plan

Mike,

I have attached an amended remediation plan for the COG State 11 Com #1 release per our discussion last week. The excavation will now be 15 feet deep on the south half depicted by S1 and B1 and 8 feet in the north half depicted by S2 and B2. This will address the BTEX concerns that you had expressed. If you would please reply back via e-mail with your concurrence on this amended plan, it would be greatly appreciated.

Thanks, Cliff
