I was asked to forward the information below:

Mr. Bratcher, Mr. Pair, Mr. Banos,

Per our recent conversation, the remediation of pipeline discharge (2RP-3997) occurred under emergency response actions and immediate remediation has occurred. As such the request for a work plan will not be submitted to the agency as requested in the attached COA. Enterprise will remediate the site in accordance with the General Release Notification, Response and Remediation Plan, dated March 9, 2015 (attached). In lieu of a work plan, Enterprise will submit a final C-141 and a closure report for the pipeline release for approval.

Please let me know if you have any questions regarding this matter. Thank you,
Alena Miro 575-628-6802
