RE: Alamo Permian (now Rover Operating) * Brigham B #1 * 30-015-04254 * 2RP-3714

Amanda,

The closure request for the above listed release has been approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
