**Subject:** RE: C-141 for API 30-015-26095  
**Date:** Thursday, November 17, 2016 9:14:21 AM

---

Heather,

Per your conversation with Jack Rose, November 17, 2016 concerning the Eastland Queen Unit # 24 (API 30-015-26095) location clean up. This e-mail is to confirm associated with the C-141 that was previously filed that Beach will contract with CMB Environmental to take a vertical delineation sample in the deepest pooling area. That sample will be taken to the lab and results will be discussed with the OCD to be determined the required remediation procedures. CMB Environmental will be contacted on November 17, 2016.

Thank you for your assistance.
