Bob,

Analytical data was requested to document the removal of contaminants from soil, resulting from a produced fluid release.

Thanks,

Mike,

Is the requested sampling based on the depth to ground water is less than 50 feet and a site ranking of 20?

Thank you.

Bob,

OCD requests a representative sample be obtained from the overspray area for confirmation. I will hold processing the submitted C-141 pending analytical results.

Thank you,
