Cliff,

Your proposal for remediation of the above referenced release is approved. Please advise once remedial activities have been scheduled.

**ATTN ROBERT GRUBBS: The C-141 submitted for this release indicated it was in a lined battery.**

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Mike,

This e-mail is to confirm our discussion concerning the remediation plan for the COG CCAP State Com #002 release. I have attached the information packet that we used in our discussion with a cover page describing the remediation plan that we agreed upon.

If you would please reply via e-mail with your concurrence on this plan, it would be greatly appreciated.

Thanks, Cliff
