Subject: Greenwood 4 CTB

Good morning Mike,

We will have a meeting Wednesday morning at 9:00 am (10-05-16) with Jim Amos of BLM at the Greenwood 4 CTB (32.720021, -103.849320) concerning the 200 bbl. spill we had at location. We were able to recover 160 bbl.'s. The tank battery will be completely reclaimed. We were hoping you could attend.

Thanks, David
