Amber,

NMSLO concurs with NMOCD on a 4' excavation.

Thank you,

Amber Groves

Amber,

The OCD will still want the 4 foot excavation from my original work plan approval. But the requested TPH confirmation sample will no longer be necessary with your altered site ranking.

Thanks,
Heather

Mike,

Thank you for reviewing the depth to ground water with the information that we provided.

Our initial proposal was to excavate both Sections 3 and 4 to 3' BGS. If we need to excavate out to 4' to where chlorides show to be clean, then we can excavate both Sections out to 4' BGS.

Thank you,
Amber

RE: **2RP-3922**

Amber,

After evaluating the recent data presented, and discussing the project with Heather Patterson, OCD will accept your proposal for maintaining a site ranking of zero per NMOCD Guidelines. Your initial proposal for remediation was to excavate areas identified as Section 3 and Section 4, to 3' bgs. Is that still your proposal?

Thanks,

Mike Bratcher

Subject: Windmill ATI State #3

Mike,

Below is the information as we discussed in your office today.

Elevation of Windmill ATI State #3: 3,583'

Elevation of RA12428: 3,550'
Elevation of RA10280: 3,540'
Elevation of RA09248: 3,543'
Elevation of RA09059: 3,559'

Distance of water wells to Windmill ATI State #3:

RA12428: 2,444'
RA10280: 4,382'
RA09248: 4,587'
RA09059: 6,976'

Thank you,

Amber Griffin
