The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

RE: Holly Energy Partners * Barnsdall Line * **2RP-4020** * DOR: UNK – Discovered 11/17/16

Bob,

Your revised remediation proposal for the above referenced release is approved. With BLM approval, please proceed on your schedule.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Thank you,

Mike Bratcher

Subject: Holly Energy Barnsdall Work Plan-Revised

Hello!

I have attached, per Bob Allen (SESI), the Revised Work Plan for the Holly Energy Partners Barnsdall Pipeline project. Please let us know if you have any questions.

Thank You
