Brett,

Please send me the work plan that was approved by Jim Griswold. Also, please send a site map detailing where 2016 samples were taken, depth of excavation, and which soils were hauled off versus blending.

Thanks,

Heather,

Attached please find closure documents and C-141's for two releases at the Goodnight. If you have any questions please feel free to give me a call at 432-301-3223, I have associated approval documents of this plan from Jim to Devon

personnel if you need that as well. This is another location that the OCD is waiting on environmental clearance before releasing the reclamation.

Thanks,
Brett Fulks
