OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike,

Please find attached the field notes from the additional vertical delineation and sidewall samples at T1 per your request. I apologize for these notes not being in the closure report. If you need anything else, just let me know.

Thanks, Cliff

Cliff,

The remediation proposal calls for additional vertical delineation and sidewall samples at T1, using field analysis. Do have that data available?

Thanks,
