All,
Please find the final C-141 closure for the 2RP-4098 release inside a lined containment. This should have been sent months ago but there was confusion with this one and the release that happened on the 1-20-17/ 2RP-4097.

This is only for 2RP-4098 and not 2RP-4097. A work plan is currently being prepared for the release 4097 that occurred outside the lined containment on 1-20-2017.

Please let me know if you have any questions.
