RE: OXY USA * Riverbend Fed 5 * 2RP-3949 * DOR: 10/11/16

Cliff,

Your proposal for removal of 2' of material from the area impacted by the above referenced release, and, by use for drilling pit placement during drilling of the well, is approved. Federal sites will require like approval from BLM. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike and Shelly,

Please find the attached Delineation Workplan and remediation proposal for the OXY Riverbend Federal #005 (2RP-3949). OXY is requesting that you review this plan and is looking forward to both the OCD's and BLM's approval. Mike, this plan is one we discussed recently.

If you have any questions, please let me know.

Thanks, Cliff
