Robert,

On a side note I did want to follow up with you on 2RP-3974 DOR: 10/28/16 for this same site. It was a release out in the pasture and it was 30bbbs pw lost and 25bbbs recovered. Is there any update on this project?

Thank you,

Robert,

The above referenced release event is approved for closure.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Thank you,
