Stuart,

Mike is not here right now. So I will have to double check with him when he gets in later today, but I believe that should be fine for you all to come by at that time tomorrow. If for any reason it is not then I will get back to you as soon as possible.

I wanted to follow up with you regarding our conversation we had a last Friday. I had ask that we get copies of everything data and info wise that you all had thus far, especially including the lab data on the samples that have been taken up till now. May I please still get that information ASAP.

Thank you,

Crystal Weaver

Subject: Tuesday

Crystal and Mike

We will be in Artesia this Tuesday and would like to meet with you at 8:30 am to review the Delaware River spill. Could you spare us 30 to 45 minutes at this time. We promise to be short and concise and allow you a chance to see our actions to date.

Thanks and talk to you soon!
