Henryetta and Mike,

As requested, Sport Environmental and J. Cleo Thompson are providing notice of our plan to begin work at the WSLU Tract 003 Well #9 release site. Work is currently scheduled to begin on Wednesday, August 10th at approximately 7:00 in the morning (NM time). At this time, we anticipate the work to take a single day given the small release volume and minimal impacted area. Initial morning work will consist of road plowing followed by release impact excavation. A one call is in place for this job.

Marcus Gipson, Environmental Coordinator, will be managing this job. His cell number is (432) 770-3876.

Please let us know if you have any questions or require further detail.

Thanks,

Debi Moore
