RE: COG Operating * BKU 13 aka Burch Keely Waterflood Satellite C * 2RP-4052 * DOR: 12/22/16

Ryan,

Your proposal for remediation of the above referenced release is approved. Please provide confirmation sample data for review prior to excavation backfill. Federal sites will require like approval from BLM. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
