BLM accepts your work proposal as written. You are approved to begin remedial activities.

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Shelly J Tucker

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. In such an event that the location does not revegetate, or future issues with contaminants are encountered, the operator will be asked to address the issues until the contaminant issues are fully mitigated and the location is successfully reclaimed. In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

All,

Please find the attached Delineation Workplan and remediation proposal for the COG West Brushy 8 Line Leak (2RP-4330). This plan has been discussed with both the NMOCD and the BLM in meetings and all parties have agreed to the plan as presented. COG is requesting that you review this plan and is looking forward to both the OCD's and BLM's written approval.

If you have any questions, please let me know.

Thanks, Cliff
