Good Afternoon Mike,

On behalf of XTO Energy, I have attached a delineation work plan for the Remuda Basin 32-23-30 Tank Battery/2RP-4420 for your review. I am working with Kyle Littrell, the new EH&S Coordinator for XTO's Delaware Division. Please let Kyle or myself know if you have any questions or concerns.

I have copied Crystal Weaver and Amber Groves since they were included on the original C-141 notification submittal.

Thank You,
Ashley
