RE: **2RP-4208**

-
Chase,

Thanks for the update. Once that portion of the project has been completed, your request to install the liner and backfill is approved.

Thank you,

Mike Bratcher
NMOCD District 2
811 South First Street
Artesia, NM 88210
575-748-1283 Ext 108

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mike,

We are completing that tomorrow morning using shovels since there are also electrical lines in that area.

Chase

RE: 2RP-4208

Chase,

Was the impacted soil removed from around the pipeline as requested by OneOK?

Thanks,

Mike Bratcher

Mike/Crystal,

I'm submitting this request to backfill at the Compromise SWD #1. Attached you will find the site map and a summary table of the sidewall samples collected. The excavation depth is 4 feet and the contractor is preparing for liner installation once the backfill request is approved.

Thank you,

Chase Settle, M.S.
