Crystal,

Thanks for response and opportunity to meet with you and Mike. Let's meet at your office Tuesday, Feb. 13th at 10 A.M MST. If no objections I will send out an invite later.

With respect to your question about BLM attendance at the meeting, we don't believe it necessary as this was a surface release from a produced water line on privately owned fee surface (where BLM owns the underlying minerals but WPX does not have a lease for the minerals). As you know, the impacts were limited to the surface and did not impact any of the federal minerals.

Hello Jim,

Mike and I discussed and we are good with a meeting for Tues Feb. 13th either around 10am or 1:30 or 2pm is fine. Also should the BLM be included in on this meeting since it is federal minerals correct? Just wanted to ask.

Thanks,

Crystal Weaver

Crystal and Mike,

We would like to set up a meeting to meet and discuss remediation of the spill at the East Pecos 22-6H that occurred on 12/31/2017. Would you have time to schedule a meeting the week of February 12th.
