RE: Legacy * State CF #5 * 30-005-60304 * 2RP-3648

Greetings,

Your request for closure of the above referenced release is not approved. The closure report that was submitted has a draft date on it of December 5, 2016. The submission for request of closure was sent in to OCD by Sheldon on 1/2/17. However, on January 5, 2017 a site inspection was conducted and the photos attached above were taken. These photos appear to depict soil that is not clear of contamination. Therefore at this time your request for closure is not approvable.

If you have any questions or concerns please contact Mike Bratcher and/or myself in the District II Office.
