Sheldon,

You revised work plan looks good. Thanks for taking care of the additional requests that I asked for.

Your work plan is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact Mike Bratcher and/or myself in the District II Office.

Sheldon,

Please provide the TPH MRO results for all sample points and please conduct one additional sample point in between the flare and your sample point AH-3 ideally within the off the pad area.

Thank you,
