All,

I realize this is a late response, but your proposal for remediation of the above referenced release is approved. Federal sites will require like approval from BLM.

Thank you,

Mike Bratcher

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Mr. Bratcher,

Attached is the Corrective Action Plan for the aforementioned site. Basin has the remediation tentatively scheduled for around February 28, 2018. A Termination Request will be submitted after the remediation is complete. Please let me know if you have any questions or comments.

Thank you,

Robbie Runnels
