Thanks Crystal,

The old unclosed one you have is way before my time and I do not have any record of it. Let BBC and I do some digging and we will let you know what we find.

RE: OXY * McKittrick Hill CTB * 30-015-21010 * 2RP-4178

Casey,

I have included a scanned copy of the signed Initial C-141 Remediation Permit along with an attached Conditions of Approval. The OCD tracking number for this event is 2RP-4178.

Please note: I was also looking in the files for this site to see if there were any old remediations that we needed an update on and I came across case number 2RP-626. I attached the original C-141 to this email. That is all we have on record for this case. It is very old, but if you have any additional

information on it, it would be great if you could share it so we can close that one out.

Thank you,

Crystal Weaver
