RE: COG \* McIntyre B 10 Tank Battery \* **2RP-4284** \* DOR: 7/5/17

All,

OCD approves your request to defer complete remediation of the above referenced release until such time as impacted area is accessible. Please submit a Form C-141 specifically requesting deferment of 2RP-4284. The incident will remain open in OCD files. Federal sites will require like approval from BLM.

Thank you,

Mike Bratcher  
NMOCD District 2  
811 South First Street  
Artesia, NM 88210  
575-748-1283 Ext 108

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
