Subject: Re: [EXTERNAL] RE: Initial C-141 - BEU DI5 Tank Battery Flare 1-10-18

BLM accepts your final C-141.

NOTE: LPC Timing Stipulations are in effect - from March 1st through June 15th. Please plan remedial activities accordingly. Check for African Rue...treat (before it gets out of control).

If you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

Shelly J Tucker

The **BLM acceptance/approval does not** relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment or if the location fails to reclaim properly. **In such an event a site does not achieve successful restoration, or future issues with contaminants are encountered, the operator will be asked to address these issues until they are fully mitigated and the location is successfully reclaimed.** In addition, BLM approval does not relieve the operator of responsibility for compliance with any other federal, state or local laws/regulations.

RE: XTO/BOPCO * Big Eddy Unit D15 * 30-015-40397 * 2RP-4582

Amy,

I have included a scanned copy of the signed Initial C-141 Remediation Permit along with an attached Conditions of Approval (COA). The OCD tracking number for this event is 2RP-4582, please refer to this tracking number on any and all submissions sent in to the OCD. Since this was a flare related release that had a very small reported volume and was stated to have hit the ground only on the pad, OCD would be obliged to receive a Final C-141 with a statement similar to that of *no fluids hit ground in the pasture. Since the area impacted remained upon the pad the materials that fluids did come into contact with were removed and replace* (an accompanying photo of the site showing pad material was replaced is optional). Please remit something of this nature by no later than 3/9/18.

Thank you,

Crystal Weaver

Subject: Release Notification - BEU DI5 CTB (#30-015-40397 API for BEU DI5 #004H)

Good Morning,

This is to notify you that yesterday at approximately 10:45 am while performing maintenance activities there was an accidental release of fluid to the flare stack which resulted in a small fire. There were no injuries. We will provide details with the submission of a form C-141. Please contact me with any questions or concerns. Thanks. --Kyle
